Pam Pelkki

Best IT Project Award 2020

BLOOD SEARCH WARRANT SOLUTION

Excellence is potential chiseled into a more perfect state through vision, dedication, and determination.

The Saginaw County Board of Commissioners extends congratulations to **Pam Pelkki** for winning the highest honor from the STATE OF MICHIGAN - **Best IT Project Award 2020** for **BLOOD SEARCH WARRANT SOLUTIONS**.

Pam began her career with Saginaw County on August 27, 2004 as a receptionist/dispatcher for Animal Control. She was promoted to Workstation Coordinator in the Information Technology (IT) Department on April 30, 2007. Pam became a Programmer/Analyst with IT on March 19, 2012.

Pam excels in whatever she is tasked with. In 2020, Pam developed a program that allows Law Enforcement Officials to electronically request Blood Search Warrants from Saginaw County Judges. She has worked with over 350 Law Enforcement Officials to get them registered onto the system and has trained all applicable Saginaw County Judges. This program has helped in numerous ways, most importantly it allows for much needed improvement with the workflow for everyone involved.

Pam devoted many hours to developing this technology. By doing so, she has made an incredible impact on Law Enforcement and Judicial Courts. Pam's commitment to excellence has not gone unnoticed. Word got out about the development of this program and its efficiency. **As a testament to the value of this program, Saginaw County has been approached by numerous municipalities to pursue the avenue for acquiring the code to this innovative software.**

This program has helped so much that it was nominated by the Michigan Government Management Information Systems Group (Mi-GMIS) to be State of Michigan IT Project of the Year for 2020 – **the project won!**

The Saginaw County Board of Commissioners, along with IT Director Josh Brown, congratulates **Pam Pelkki** on her tremendous contribution to Saginaw County and the State of Michigan. We are proud to have you represent Saginaw County!

Respectfully Submitted,
