Summer 2022

Volume 15 Issue 3

A message from Parks Director Brian Keenan-Lechel

It's hard to believe we're into July, and halfway through another beautiful Michigan summer. It's been just that in your Saginaw County Parks and at our programs so far this summer, beautiful.

Before I go any further, I want to take a moment to thank our incredible parks staff team who have been doing a phenomenal job providing safe, clean, and enjoyable park experiences so far this summer. We have some of the best folks in the business working in your Saginaw County Parks, and I am so fortunate to work with each of them. A small but mighty six full-time staff, and thirty seasonal staff are working 7 days a week, dawn to dusk. I take every opportunity I can to thank them, and I hope you might consider it too the next time you're in the parks.

Our parks season is off and running, maybe sprinting some days, with thousands of park patrons having cooled off in Haithco Lake or on our new splashpad and playground. Maybe a canoe or kayak paddle on the Tittabawassee River at Imerman Memorial Park, and a large number of family reunions, birthday parties, and other special events under our park pavilion roofs so far this season.

We've also been working on several projects and partnerships, including playing a role in a large-scale initiative with the Saginaw County Health Department and other partners you may have heard of, dubbed, "Be Well Saginaw." This initiative is shining a spotlight on health disparities in Saginaw County, focusing on maternal and child health, behavioral health, obesity and chronic disease. Saginaw County

Parks remain a wonderful space to positively impact physical and mental health, and we look forward to playing a role in this initiative.

We can't wait to continue to see you again in your Saginaw County Parks, and at some of our fantastic programs yet to come this summer. I sincerely hope you're enjoying summertime in Michigan and taking advantage of some wonderful opportunities for recreation available to residents in our region.
