RE: Babcock Drain
Brian J. Wendling, Saginaw County Public Works Commissioner

ADDENDUM NO. 1

This Addendum addresses items of interest relevant to the preparation of bids.

1. CenturyLink

CenturyLink has buried cable within the channel limits alongside Chesaning Road. They were contacted early in 2021 that drain work was being scheduled but we do not know whether they have relocated their facilities.

2. Spoil Hauling

Mr. Emmendorfer may elect to use some, or all, of the spoils excavated from his road frontage or side yard for fill material elsewhere on his parcel. We anticipate that this material will be side cast after excavation for drying, before being transported outside of the right-of-way and temporary easement to a designated stockpile area.

3. Road Right-of-Way Permit

The Saginaw County Road Commission will issue a permit free of charge for work within the Chesaning Road right-of-way. Per the insurance requirements in the Supplemental Conditions (see Section 00800), the Saginaw County Road Commission shall be named as additional insured.
