Recreation Station Newsletter

Summer 2021 Volume 14 Issue 3

A message from Parks Director Brian Keenan-Lechel

It has been a great start to the summer season in your Saginaw County Parks. We continue to see increased activity in the parks from county residents and beyond – our program schedule is in full swing and over 150 groups are celebrating various events in our park pavilions this

summer.

This month I would like to share an important initiative being undertaken by the Saginaw County Parks and Recreation Commission in 2021. Earlier this year the Parks Commission authorized a subcommittee tasked with updating Saginaw County Parks' Americans with Disabilities Act Transition Plan. The broad purpose of an ADA Transition Plan is to provide an accurate and thorough self-assessment of the accessibility of parks, trails, buildings and other facilities owned and operated by Saginaw County Parks. The assessment also includes evaluation of ADA standards in programming and services administered by Saginaw County Parks with a goal of increasing the accessibility of our parks, facilities and programs. The subcommittee has involvement from organizations and individuals including Parks Commissioners and staff, Commission on Aging, VOICE, INC, Millet Learning Center, The Special Olympics and other individual members representing various disabled populations.

After thorough assessments, the process then shifts to addressing ADA compliance deficiencies identified in the self-assessment process. Increased accessibility is accomplished through both small park updates and larger capital development projects. Ultimately, the end product is a more accessible Saginaw County Parks and Recreation Commission for all. If you are interested in providing feedback on

the draft ADA Transition Plan update or participating in the subcommittee, please contact the Parks Commission.

We look forward to seeing you again this summer in your Saginaw County Parks or at one of the many programs hosted by the commission. Have a great summer!
