8. Questions
- **Some businesses along M-46 will have front door access only. Driveway repairs will have to be completed in half width to allow for access to businesses with only one entrance.**
 - **Imported screened topsoil is required – use of existing topsoil is not permitted.**
 - **No known township owned storage sites available in area. Possibly could use White Pine School open field area or see if there are any other business parking lots available.**
 - **Sidewalk backfill – It will not be necessary to provide complete sand backfill within a one-on-one influence of the storm sewer trench. Contractor shall backfill the storm sewer trench per the details on the plans. 4-inches of compacted sand is to be placed under sidewalk that will be replaced.**
 - **Traffic control –**
 - **Construction plans have design for closure for north lane of M-46 during construction for contractor use. No materials will be allowed to be left in the lane closure overnight, the lane will remain closed but must be cleaned of all materials prior to ending construction each day.**
 - **Traffic control plan does not include detours for Plymouth and Frost drives. Contractor to coordinate any detours with the Saginaw County Road Commission. Cost to be included in the lump sum price bid for Traffic Control.**
